II. Public Speakers

Chairman Ansell asked the Secretary to call upon the registered speakers.

The Secretary called upon the following registered public speaker:

1. Aida Tacan Registered Nurse, John H. Stroger, Jr. Hospital of Cook County

III. Report from System Chief Medical Officer

Dr. Terry Mason, System Chief Medical Officer, provided an update on the following subjects.

Celebrating March 30th as National Doctors Day

In recognition of National Doctors Day, Dr. Mason stated that Dr. David Goldberg, of Stroger Hospital, was the recipient of the Doctor of the Year award for the Cook County Health and Hospitals System. Dr. Mason added that the System provided breakfast or lunch for the doctors System-wide on March 30th, to celebrate Doctors Day.

III. Report from System Chief Medical Officer (continued)*Meeting with Oak Forest Health Center Physicians*

Dr. Mason stated that a meeting was held with physicians at Oak Forest Health Center regarding some patient care issues. Those in attendance included Dr. Emeka Ezike, two doctors who represented some of the union physicians, and Emilie Junge, who represented the SEIU Doctors Council. He stated that the meeting was fruitful; they discussed issues around signage and some of the patient care matters. Dr. Ezike will be following up on some of the issues, and Sylvia Edwards, the Executive Director of Oak Forest Health Center, is following up on some of the other matters that were brought up.

Update on Get Yourself Tested (GYT) Initiative

Dr. Mason noted that the Committee received information on the GYT initiative at the March meeting; he provided further information on the subject. He indicated that the total number of individuals tested last year as part of the initiative was over 7,500; it is expected that this number will be surpassed with the 2012 GYT initiative.

IV. Report from System Interim Chief Nursing Officer

Tanda Russell, System Interim Chief Nursing Officer, stated that there were two consecutive nursing orientations held over the last month; they are looking forward to bringing in more nurses in the next orientation. She added that there are a total of fourteen nurses starting on April 23rd; these positions are dedicated to the Medical-Surgical units, with the full intent of re-opening the beds that remain closed. As of today, she indicated that twelve beds currently remain closed.

V. Report from System Director of Quality and Patient Safety

Barbara Farrell, System Director of Quality and Patient Safety, noted that at the next Committee Meeting, she will be presenting information that ties together the Quality and Patient Safety Dashboard with some of the quality initiatives from all of the areas.

A. Quality report from the Ambulatory and Community Health Network of Cook County (Attachment #1)

The following individuals from ACHN presented the quality report: Dr. Stephen Stabile, Associate Chief Medical Officer; Irene Marks; Dr. Judith Neafsey, Director of Ambulatory Pediatrics; and Dr. Enrique Martinez, Interim Chief Operating Officer and Chief Medical Officer.

Included in the presentation was information on the following subjects: Indicator Tracking; Cerner Ambulatory-Prevention and Treatment Prompts; MERS-Patient Safety and Complaint Tracking; PPR, Grants and Other Projects; Comparison of Phone Answering Rates; Building Community-Based Medical Homes for ACHN; and data on ACHN Patient Flows.

VI. Recommendations, Discussion/Information Item

A. Reports from the Medical Staff Executive Committees

- i. Provident Hospital of Cook County**
- ii. John H. Stroger, Jr. Hospital of Cook County**

Dr. Pierre Wakim, President of the Executive Medical Staff of Provident Hospital of Cook County, presented a report on the following subjects: Quarterly Medical Staff Dinner; Provident Hospital - 20 Year Anniversary; NATO Preparation; and Task Force Update - Outpatient Surgical Cases.

Dr. David Goldberg, President of the Executive Medical Staff of John H. Stroger, Jr. Hospital of Cook County, presented his report. He stated that, at the March Executive Medical Staff (EMS) meeting, information technology infrastructure hardware-related issues were discussed with Dan Howard, System Chief Information Officer. For the April EMS meeting, Dr. Goldberg stated that they focused upon the electronic medical records efforts, specifically around meaningful use; Dr. Bala Hota, Chief Medical Information Officer, was present and was involved in the discussion.

Building Community-Based Medical Homes for ACHN

- ACHN; IL Chapter of the American Academy of Pediatrics (ICAAP); and Division of Specialized Care for Children (DSCC), IL Title V program
- 3 year grant program funded by federal Maternal and Child Health Bureau (with some support from Chicago Community Trust)
- Goals: To spread the Illinois Medical Home Model within the ACHN and provide intensive support to 5 high volume pediatric ACHN centers to establish a medical home quality improvement process

Who needs a Medical Home?

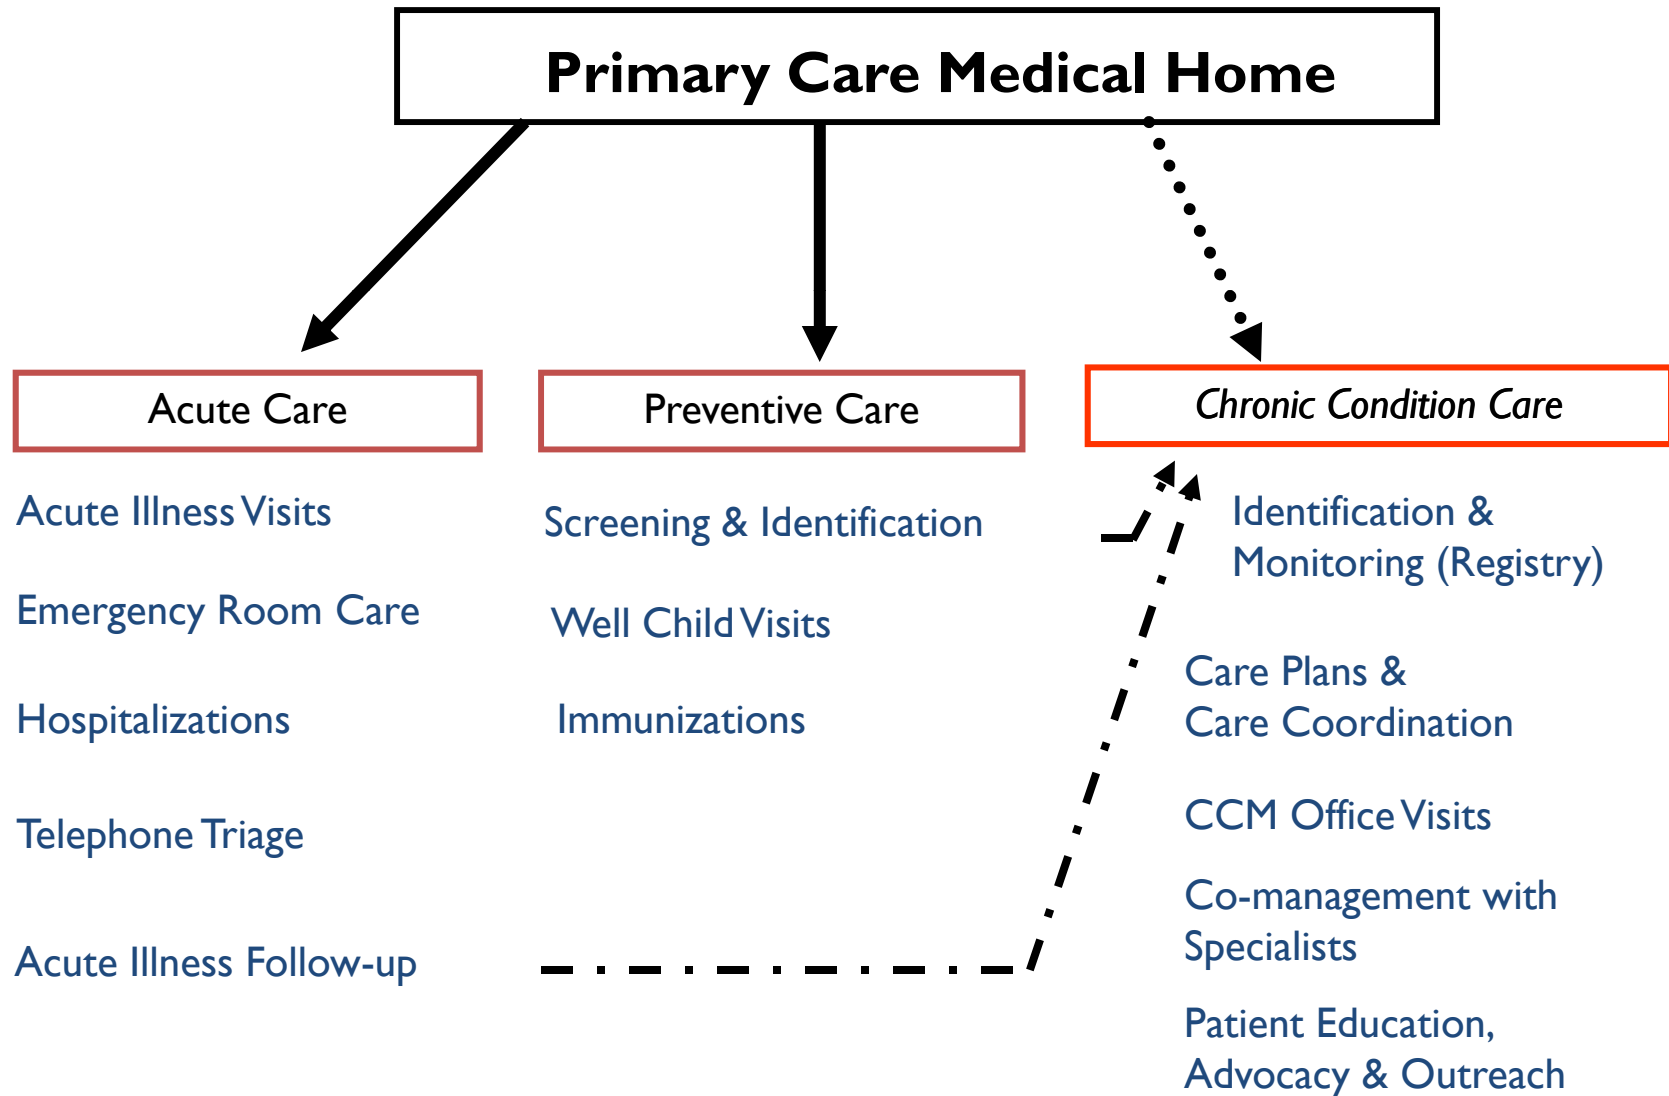

Children and youth with special health care needs are those who have or are at increased risk for a chronic physical, developmental, behavioral, or emotional condition and who also require health and related services of a type or amount beyond that required by children generally.

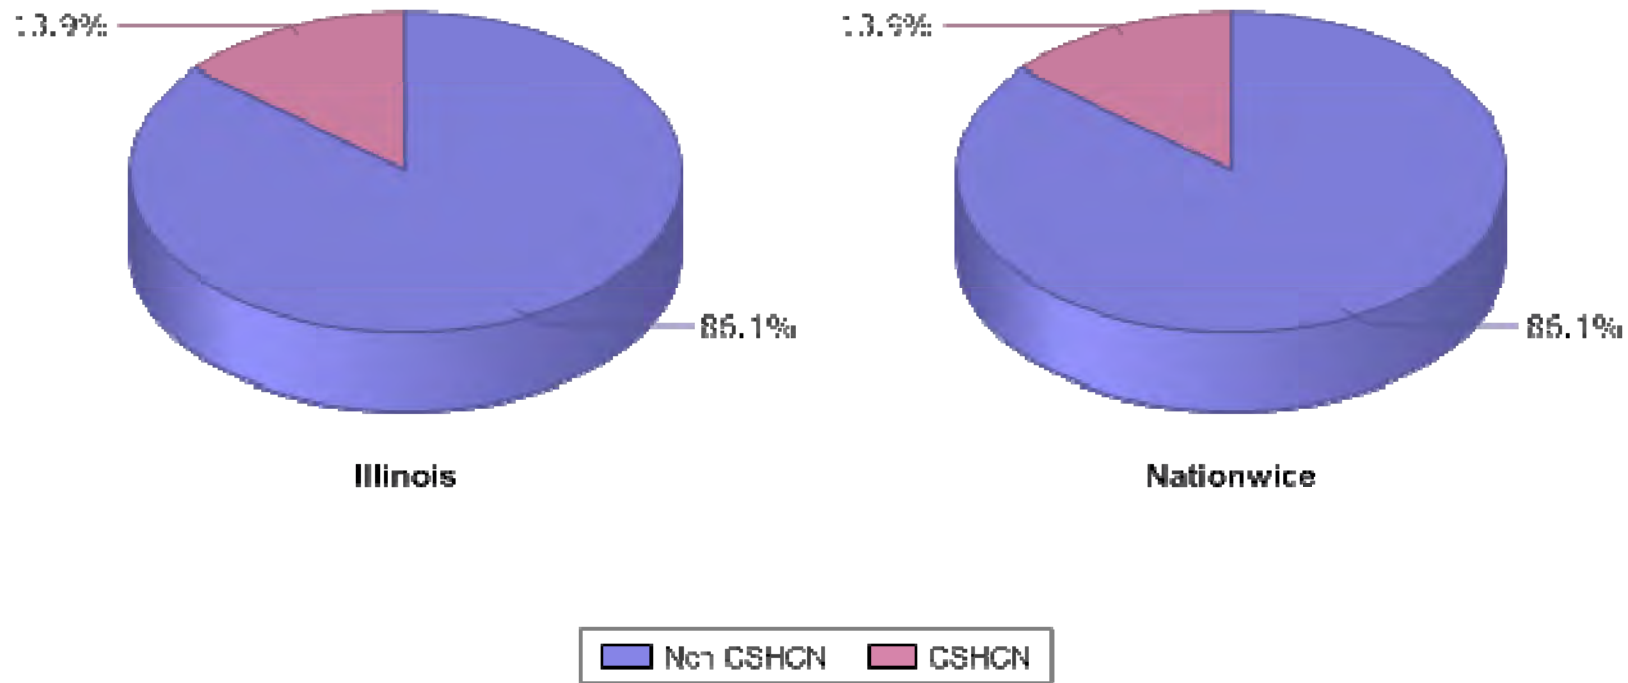

—Maternal and Child Health Bureau, 1995

The Medical Home Model

The National Survey of Children with Special Health Care Needs

13.9 % of CSHCN age 0-17 in Illinois
expend 40% to 80% of Health Care Costs
for children overall

Source: 2005-2006 National Survey
of Children with Special Health Care Needs

A medical home can:

- Form active partnerships with families
- Identify and monitor CYSHCN
- Coordinate care in a systematic manner
- Communicate with community resources and pediatric specialists
- Develop meaningful use of EMRs and HIT

**This requires some
re-design of existing services**

Quality Improvement Process

- Outside facilitators (provided by ICAAP & DSCC)
- *Meetings are regularly scheduled (usually once a month)*
- Minimum ACHN team members:
2 parents + at least 1 physician + nursing coordinator and other nursing staff + clinic administrator or a clerical representative
- Baseline and Follow Up Measurement
- Develop plans and implement change for quality improvement
- Two Learning Sessions (April, September 2012)
- Developmental screening quality improvement initiative
- Transitioning youth to adult health care training
- Mentor Team: Fantus' Pediatric Medical Home Clinic

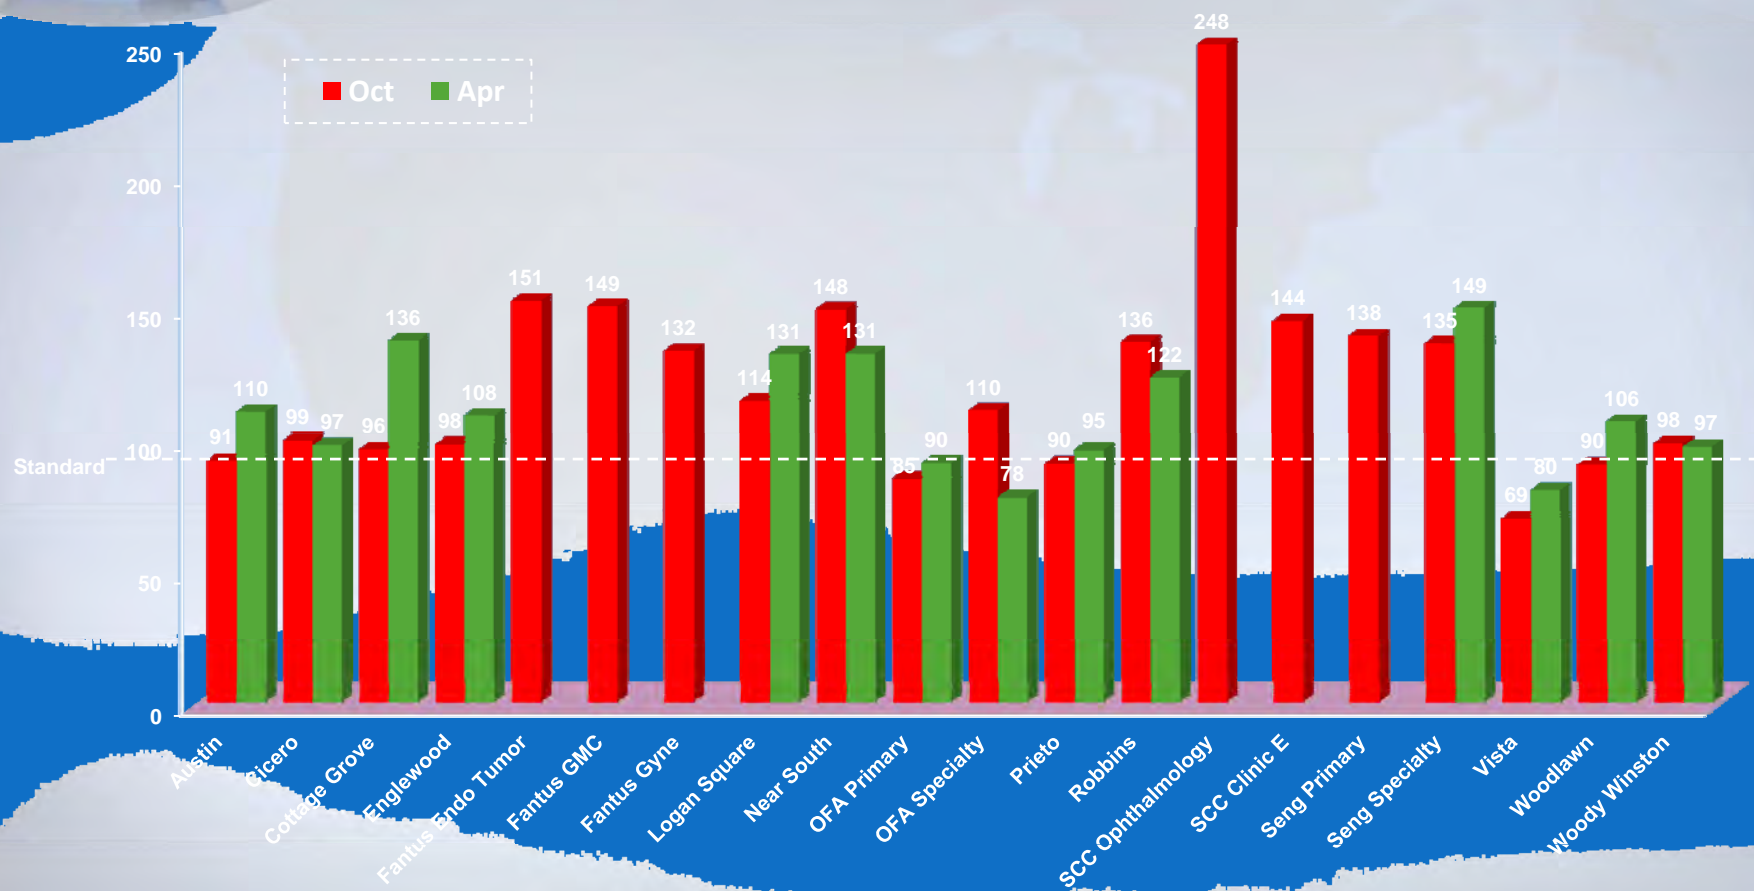

ACHN Highest Volume Pediatric Sites

- Fantus Pediatrics
- Vista
- Cicero
- Logan
- Cottage Grove
